

## 38<sup>th</sup> Annual Conference Of The South African Society For Atmospheric Sciences

### Exploring The Novel Integration Of Tools To Understand Our Changing Environment

29 - 30 October 2024, NWU Potchefstroom

#### Call for abstracts

The theme for the 2024 conference is "Exploring The Novel Integration of Tools To Understand Our Changing Environment", emphasising the use of interdisciplinary methods to comprehend impactful weather and climate events across scales. By integrating insights from various scientific disciplines, we can enhance our predictive capabilities and develop strategies for mitigating the impacts of these phenomena.

**CLIMATOLOGY  
RESEARCH GROUP**

#### Registration:

*Early registration fees*  
Members: R2600  
Non-members: R2800  
Students: R2400

*Late registration fees*  
Members: R2900  
Non-Members: R3100  
Students: R2700

#### Format

The SASAS conference includes oral and poster presentations as well as panel discussions aimed at promoting and developing fields of atmospheric science, air quality, oceanography, climate change, agrometeorology, weather forecasting, atmospheric and oceanic observations, climate change and environmental policy.

#### Abstracts

Authors are invited to submit their abstracts for oral or poster presentations. The conference offers two options for abstract submission: Short abstract (non-peer reviewed) and Extended abstract (peer reviewed). Oral talks will be selected from both extended and short abstracts. Authors interested to make poster presentations may choose to submit either short or extended abstracts.

#### Deadlines

Submission of short and extended abstracts: **16 August**  
Feedback from reviewers (extended abstracts only): **19 September**  
Final submission of corrected extended abstracts: **27 September**  
Early bird registration deadline: **23 August**  
Final deadline to register (for catering purposes): **4 October**
